

SLIDE 13:

We have developed an interactive and accessible monitoring platform that allows Dunfermline and the community to follow restoration in real-time.

- 1 ☐ An INTERACTIVE MAP
 - 2 ☐ A REAL-TIME DASHBOARD
 - 3 ☐ A SENSOR NETWORK — 127 sensors deployed across Dunfermline
 - 4 ☐ OPEN PUBLIC ACCESS with API
-
-

SLIDE 14: THE INTERACTIVE MAP (45 seconds)

-  THE SENSORS (teal points):
 -  THE SPECIES (golden points)
 -  THE RESTORATION ZONES (circles):
 -  LIVE DATA
-
-

SLIDE 15: YOUR MAIN SECTION!

- STEP 0: We have 5 main pages
 - STEP 1: OPEN "LIVE MAP"
 - STEP 2: CLICK ON A SENSOR
 - STEP 3: NAVIGATE TO THE "SENSORS" PAGE
 - STEP 4: NAVIGATE TO "SPECIES"
 - STEP 5: NAVIGATE TO "ANALYTICS"
-
-

SLIDE 16: NEXT STEPS & EXPANSION (45 seconds)

PHASE 1 (2028-2029) — DUNFERMLINE:

- ✓ Platform completion
- ✓ 8 km of corridors finalized
- ✓ 127 sensors in full service

PHASE 2 (2029-2031) — REPLICATION:

- ✓ Launch in other cities
- ✓ Training programs launched
- ✓ Licensable technology

PHASE 3 (2031-2035) — NATIONAL SCALE:

- ✓ 10+ cities reforested
 - ✓ Partnership with NatureScot
-
-

SLIDE 17: CALL TO ACTION & CONTACT (1 minute)

So, to summarize:

If you want to:

- See the data in real-time
- Explore the interactive map

You can visit our platform on the website...
